Copy of the letter accompanying the foregoing Report

12<sup>th</sup> July 1844

To the Mayor & Aldermen  
of the City of Nashville

Gentlemen, In obedience to yr Resolution passed your Board on the 1<sup>st</sup> last, I herewith hand you a report on the Nashville Cemetery. And allow me if you please, to avail myself on this occasion to Congratulate you and the good Citizens of our City of Rocks on the prosperous and [illeg.] condition of said Nashville Cemetery in its pecuniary and Monetary Matters.

The indebtedness of the Cemetery is about \$1,800 dollars; its means are more than \$7,000.00. It is true that the necessary expenditures have been considerable the present year – the improvements contemplated for the present are about completed and none other are projected for this year.

Your Superintendent feels confident with the prospects before him, that he can meet all of the liabilities of the cemetery, without calling on the corporation for any advances for its debts.

Your Superintendent would further Report that he has sold some lots, payable in gravelling and grading the Avenue, the amount of which will appear in next Report. This work is progressing and will be completed in a few months.

Your Superintendent would recommend the immediate purchase of the small lot of Ground owned by Wm. Baker and as soon as convenient some 8 or 10 acres of Ground from Capt. Jas. Gordon. After which some improvement might be made about the center of said Cemetery that would add much to convenience, and ornament and beautify the peace – all of which is most Respectfully Submitted by your Most Obedient Servant.

The Superintendent asks leave to present the foregoing Report on the Nashville Cemetery. It embraces a synopsis of the report made last July and particularly the business of said Cemetery since that report was made.

The Honorable Mayor and Aldermen may be surprised at the amt. of indebtedness of said Cemetery. Your Superintendent believes the means not only ample for the payment of all dues, but competent to complete the further improvements contemplated. But from circumstances your Superintendent recommends a suspension of further improvements in said Cemetery for the present, except some very small matters contemplated in the last year but not completed, expense of which may be about \$100.

All of which is Most Respectfully Submitted.

February 13, 1846

To the Honorable  
Mayor and Alderman  
of the City of Nashville

Gentlemen,

In Obedience to a Resolution passed by your honorable Board on the 9 Ultimo, the superintendent of the Nashville Cemetery asks leave to make the following Report, herewith presented.

The Report Embraces and shows the amt. of monies which have been received by your superintendent from 1842 to 1<sup>st</sup> February 1846 and the Expenditures made by him during same period. The whole amt of monies received is \$5,772.00. The whole amt. of expenditures is \$6,214.54 leaving a balance due your superintendent of \$442.54. The whole amt. of indebtedness is \$1,234.04. The whole amt. paid for Grounds purchased and added to the Cemetery from 1842-1845 is \$1,254.60. The amt. due on Grounds thus purchased and added is \$515.50. Total \$1,770.10.

From the foregoing Exhibit it appears that the Indebtedness is several hundred dollars than it was at last report. And your superintendent believes that the greater part of the present debt will be paid the present year.

The undersigned will forbear to recommend any considerable improvements for the present.

He trusts that your honorable Board will see the prosperity of Keeping the Grounds clean from weeds and Brier Brambles etc. which very much mar the Beauty of the place, also to repair some of the avenues – By McAdamms and the laying on the lime core.

The undersigned cannot close this communication [illeg.] recommending to your honorable Board the [illeg.] of forthwith purchasing from Capt. Gordon several acres of ground running at right angles through said Capt. Gordon's field to his [illeg.]

The undersigned would also request of your honorable Board a reconsideration of the allowances to your Sexton for under the last regulations. He cannot support himself and little family. Also the prices of plank are too low, especially Cedar. He cannot buy them for the price allowed.

All of the foregoing is most respectfully submitted.

Alpha Kingsley,  
Agent and Superintendent
